

Why Team Spirit Works

Team spirit makes work more meaningful by making people feel more meaningful.

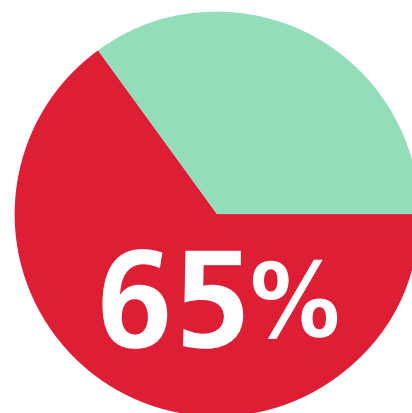

GO team!

What is team spirit?

Feelings of camaraderie among members of a group, enabling them to cooperate and work well together.

45% of American workers are happy with their jobs.

65% of people indicated they received **no recognition** for the good work they completed last year.

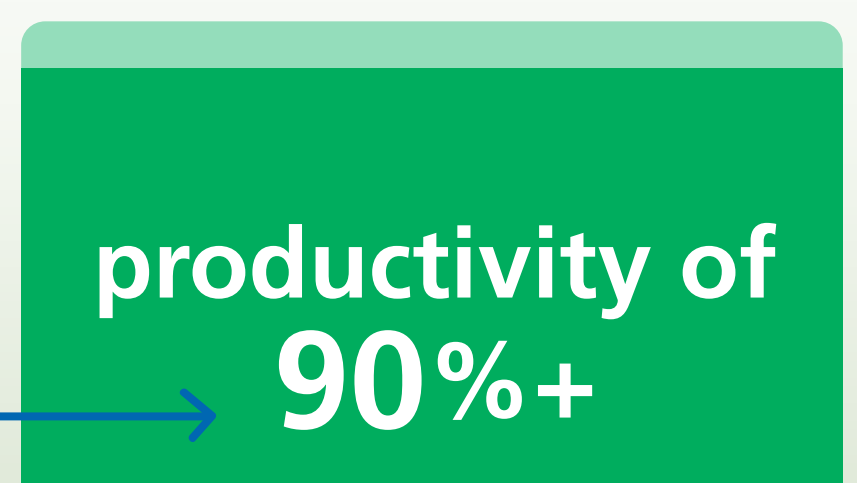

#1 reason people leave their jobs: **lack of appreciation**

Team spirit makes for a much more positive work environment. Positivity increases productivity.

65% of managers

who reported feeling motivated at work also claimed

productivity of 90%+

What you need to help people feel valued at work.

An atmosphere of engagement. Things like:

Great job!

A positive atmosphere

Mutual respect

Individual goals

Professional development opportunities

Studies reveal that highly engaged employees "have great team spirit."

Nice work!

Grow a culture of team spirit at work.

Here are some team-building ideas to get you started:

Don't forget to:

- Set goals.** Keep them achievable.
- Develop the program.** In a way that works for you.
- Execute the training.** Make it exciting for participants.
- Establish metrics.** To keep an eye on your team's progress.

Remember: Practice makes perfect.
